

David Garner's Family

A Quarterly Report Second Quarter 2007

(newsletter layout and contributors: milo & pro)

This publication has been created and edited by Kris and Jessamyn Milo. Kris is David's first son-in-law ... a Garner family member since May 27, 2005 when he married David's first daughter, and second child ... Jessamyn Garner. This publication is an attempt to create unity and strengthen the family ties which can easily be weakened as children get older. It is our hope that this project will be a collaboration between David and Linda Garner, their children, Aaron, Jessamyn, Morgan, Tyson, Mercy, and Linea, as well as David and Linda's son's and daughter's in law. However, this is not an exclusive list, and other authors are always encouraged to contribute as you feel led. The opinions and accounts depicted in this publication are those of the author only, and do not reflect the opinions of any other person and/or family member. Anyone interested in writing an article and/or having a photo displayed should contact Jessamyn at pro@shutupmilo.com or call her cell phone (518) 275-7598

milo's part ...

Well, it's that time again (a little late, actually). This quarters report is a little bit smaller than the last quarter, and with less contributors, but that's ok, you'll all have an opportunity to make up for your lack of participation next quarter. Just remember what you're doing right now so you can talk about it later and we'll all read and think you're cool. This publication is news from April, May, and June (and we're going to include the 4th of July). Next quarter will be July, August, and September ... and those are the meaty months, so don't act like you didn't do anything.

I'll fill you all in on mercy and let pro do the rest. Fortunately, her memory is better than mine. I can only remember mercy's life cuz she just recently came to visit us :) Currently, she's touring around the country with a couple other people from the invisible school. They're headed to Christian Festivals all over to promote their invisibility. By the time you get this newsletter, they'll be nearly done ... so give her a call and find out how it went.

Also, there's a chance that mercy will be traveling to London, England for a whole year! She's still waiting to see if this opportunity is going to be a reality or not, so I'm sure she'll keep us posted when she knows for sure.

OK, that's mercy's part, and pretty much all I got for ya. I guess I could add that pro and i are loving our new house. The project list is endless, but we're enjoying every bit of it. As of tonight, it looks like the pool is finally going to be swimmable in maybe a day or so. Wooohoo!!!!!!

pro's part...

And, speaking of houses...
Aaron and Melissa bought a house

in May! Now for all the happy work of putting their own finishing touches to what already is!

Or, in Aaron's case (were you actually know what you are doing) there is plenty of renovation to be done that I'm sure will be absolutely beautiful when he's finished!!! I know that the

bathroom has already been done and I'm sure that there are many more projects ahead. :) Welcome to Georgia!

Kris and Jessamyn also bought a house in May. Being that we aren't quite as good in the "fix it" department, I don't think that we will be undertaking any

major projects anytime soon!

No, I take that back - getting the pool clean was already a major project in and of itself. It had never been

closed last winter and there was much grossness inside! Now it is very clean and quite swim-able so do come and swim!

CONGRATULATIONS

... to Linea and Allister who both graduated high school in May! They are both working up at Camp Pinnacle for the summer!

We had a little BBQ at the Milo's house for the 4th-of-July. I know that's not really part of 2nd quarter news, but would be forgotten about by the end of September. Sadly it rained so we were all inside, but we ate plenty and had fun with some games.

Milo and Pro apologize for the crappy layout this time, we've been busy and kinda rushed this one. Don't forget, we want participation, so feel encouraged to right an article and submit it to us ANYTIME, and we'll make sure it makes in into the upcoming issue.
